

Professional Development Action Plan

For All Program Types

Programs that are currently in a Bright & Early ND cohort and experience turnover in the 90 days prior to submitting their Quality Standards Inventory must use the Professional Development Action Plan with all newly hired Lead employees. This includes the following positions: Program Director, Lead Teacher or Lead Caregiver.

The Bright & Early ND Professional Development Action Plan is to be used with employees that have been hired within 90 days prior to submitting the Quality Standards Inventory. This allows the newly hired employee time to accomplish the requirements of licensing and those of the program's Bright & Early ND Step Goal. This plan is to be completed by the employee and will be used as evidence to verify Professional Development requirements for Bright & Early ND. All goals and action items must be within 1 year of the employee's hire date.

Program Name: _____

License Type: Family or Group Licensed Program Preschool or Center Licensed Program

Program's Current Quality Rating Step: Step 1 Step 2 Step 3 Step 4
