- High Needs Section:** In this section you will report your current enrollment and any 'high needs' children you serve. A child should be counted as 'high needs' if the child meets one or more of the following criteria:
 - Children with an Individualized Education Plan (IEP), Individual Family Service Plan (IFSP) or diagnosed special need
 - Children who speak English as a second language
 - Families and children involved with multiple state agencies (children and families receiving WIC, early intervention services, etc.)
 - Recent immigrants (within the past 5 years)
 - Children whose parents are deployed and who do not live on a military base
 - Low-income households (children enrolled in the Child Care Assistance Program)
 - Parents with less than a high school education
 - Children who are homeless, do not have a permanent home address, or move more than once a year

When entering enrollment into the 'high needs' section, the following tips will ensure a smooth transition.

- If you input a number greater than one (1) in the 'high needs' section, you will be directed to select which criteria this child meets. You may select multiple criteria for one child (see example below).
- If you do not serve any children that may be counted as 'high needs', you must at least put a zero (0) in the 'high needs' section.

Frequently Asked Questions

- Q:** My organization is trying to add a 'Director of Record' but when looking at the list of employees I can't click on the 'Select' button.
- A:** To assign the 'Director of Record', the program must have an employee with the designated title 'Program Director'. Double check that the employee designated as Director has the title 'Program Director' and not 'Program Administrator'.
- Q:** My organization is trying to add a Lead Teacher to a classroom, but it keeps saying, 'Teacher start date must be within employment date range'. What does this mean?
- A:** This means that the date you are entering as the employee's start date must either match or be later than the start date listed on the 'Employees' tab.
- Q:** One of our classrooms had a Lead Teacher leave, how do we change this in the 'Classrooms' tab?
- A:** Click on the name of the classroom/group. Once you are on the classroom information page you can enter in the end date for the previous Lead Teacher and check the box that says 'Position is Vacant' or add a new Lead Teacher.
